

February 8, 2018

Dear Parents:

The sixth grade class of Niagara School is fortunate to spend one week at a local camp. To help reduce the expense to the District, as well as to parents, the Niagara students will attend Northern Lakes Impact Center located in Rhinelander, Wisconsin. This camp will provide our students with a quality environmental education, team building, and training program. The leadership of the Impact Center has been designing quality outdoor environmental education classes, historical reenactments and teambuilding programs for over twenty years. The staff of NLIC is working closely with the School District of Niagara to tailor a program to meet our specific goals and objectives.

The Sixth Grade Outdoor Education Program is scheduled for the week of May 7 – 11, 2018. The cost for the program is \$75.00. Payments may be paid in the District Office, payable to the School District of Niagara. Please indicate on the check memo that this payment is for the 6th grade camp. All payments must be paid by or before Monday, April 30, 2018. If money is a concern, scholarships are available with complete confidentiality. If a scholarship is needed, please contact Mrs. Debbie Lindgren, 715-251-4541 ext. 105, dlindgren@niagara.k12.wi.us. Every child deserves this wonderful opportunity.

Camp is a required sixth grade curriculum. If you or your child has a concern regarding the week of camp, please contact Mrs. Butler at 715-251-4541 or email @ jbutler@niagara.k12.wi.us as soon as possible.

The mandatory informational parent meeting is scheduled for Thursday, April 19, 2018, @ 6:00pm in the Elementary Library. **Parents and students should plan to attend.** All forms will be available at the meeting.

Thank you,

Julie Butler
