### **School District of Niagara Inviting Community Members to Learn More about the Referendum Questions**

Niagara, WI – On the November 3 ballot district residents will have the opportunity to vote on two questions that are designed as a comprehensive plan to support the student and schools of the School District of Niagara. A Referendum Information Night has been planned for October 14 from 6:30-7:30 p.m. in the School Auditorium. The goal of the evening is to share detailed information about the referendum questions and proposed plan that residents will have the opportunity to vote on. Attendees are asked to wear a face covering.

“We invite our community to learn more about the referendum questions so everyone can make an informed decision while casting their votes,” said Nate Burklund, District Administrator. “We are currently planning to hold this in-person but are actively monitoring the pandemic in our area and the meeting is subject to change, please check the District website, Facebook or call the District for changes.” No RSVP is necessary.
