

A Peek at our Month

February Theme: Community

In Reading and Writing

Our focus this month will be on recalling major events in a story, identifying parts of a story such as: characters, setting, and plot; and reading sight words. We will be focusing on word families such as -ot, -ug, and -in.

In Math

Students have been learning to decompose 5 and will now begin to add and subtract within 5. They are also measuring and comparing lengths using terms like *longest*, *shortest*, and *equal*.

In Science/S.S.

Community is our topic this month. Community helpers, learning about neighborhoods, and working together are topics of conversation.
