

A Peek at our Month

Theme of the Month: Back-to-School

In Reading and Writing

We are reviewing the alphabet through our "ABC Bootcamp." One letter will be reviewed each day, including the sound it makes and how to write it. We have an interactive read-aloud each day along with shared reading experiences.

In math

Introduction to 5-frames to help visualize, subitize, and add/subtract within five. We are setting up a "Number Corner" where we will keep track of how many days we are in school, practicing rote counting, and subitizing.

In Science/Social Studies

We will begin our year with learning about weather and the changing of seasons.

Important Reminders

~Monday, September 11th, 2023: Believe Kids Fundraiser Kickoff (more info. to come).

~Wednesday, September 20th, 2023: PICTURE DAY!!

~Monday, September 25th, 2023: Fundraiser Ends.

At Home Learning Tip

Your child is adjusting to being in school five full days a week. Having a nightly routine can help with this transition. Going to bed in a timely manner and eating breakfast each morning can help your child to have a successful day, and week, in school. Limited screen time, reading a story, and lights out with no TV are all helpful tips to a better bedtime.
