"Preparing and Educating Children for Lifelong Success"

Gear 1 Curriculum, Instruction, and Assessment

GOAL 1.1

- 21st Century Skills/Deeper Learning
 - Personalized Learning
 - Collaborative, Relevant, and Applied Learning
 - Leveraging Technology
 - Assessment—Analytics to Inform Instruction

As a district we want to expand our media/technology capabilities through more digital networking, virtual learning, and more research-based education.

RECOMMENDATION

Support students' learning in academic standards and college and career readiness by leveraging tools and resources available to help students meet learning goals and outcomes.

GOAL 1.2

All students have access to qualified school library media resources that integrate elements of deeper learning, critical thinking, information literacy, digital citizenship, creativity, innovation, and the active use of technology.

RECOMMENDATION

Support the building of instructional partnerships as teachers and library media teachers design engaging curriculum and use collaborative spaces augmented with digital tools and resources.

Personalized Professional Learning

GOAL 2.1

Teachers, administrators, and other educational professionals are self-directed in their professional practices using technology to optimize teaching and learning.

RECOMMENDATION

Ensure educators have access to high quality digital professional learning resources and collaboration tools by creating digital professional learning communities and professional development sessions eliminating the confines of geography and time.

GOAL 2.2

Educators collect data on their use of technology for learning and use it to monitor professional growth.

RECOMMENDATION

Ensure teachers, administrators, technical staff, and support staff can demonstrate understanding and application of the digital learning competencies.

Data and Privacy

GOAL 3.1

Staff is familiar with state and federal legislation regarding the safety, security, and privacy of data.

RECOMMENDATION

District will update policies and procedures related to data usage, privacy, and security.

PRIORITY ACTIVITIES

- Create/update local policies (Appendix C), procedures, and practices to address legal, ethical, and safety issues related to the privacy and security of data, and the usage of data, technology, and the Internet based on the Family Educational Rights and Privacy Act (FERPA) and the Wisconsin Pupil Records Statute (118.125).
- Develop and/or adopt data management and security plans. Plans will include communication, implementation, oversight, and evaluation practices.
- Continue to provide digital privacy and security and digital footprint lessons and activities through the school library media digital citizenship instruction.
- Provide professional learning and training required to ensure educators are prepared to meet responsibilities related to data. Training will be based on a clear understanding of the data sets available in the district, the questions asked and answered through data, data roles and responsibilities, data uses in the district, and definitions of data literacy.

GOAL 3.2

Educators in the system are data-literate and understand the potential uses and misuses of data in the teaching and learning process and act accordingly.

RECOMMENDATION

Review and update curricula annually to make effective use of evidence and data-based decision making. Data systems used by districts must meet educator and parent needs, and are understandable to them so they can support student learning.

PRIORITY ACTIVITIES

- Provide training opportunities to educators and administrators on the legal and ethical responsibility to ensure security, accuracy, and privacy in the collection, analysis, exchange of, and reporting of data. Primary of this is the annual notice and requirement by all district staff to review and acknowledge the Non-Disclosure and Confidentiality Agreement (Appendix B).

Technology, Networks, and Hardware

GOAL 4.1

All schools are able to meet student and staff bandwidth demand at all times throughout the school day.

Recommendation

Ensure sufficient bandwidth to the edge of the building and develop an internal network and technical support sufficient to support student learning goals.

GOAL 4.2

District leaders prepare comprehensive plans that document policies; ensure accuracy with current inventories; define upgrade and replacement schedules; identify annual budgets; and outline environmentally responsible disposal policies.

RECOMMENDATION

Assist school districts as they develop and redevelop infrastructure to support digital learning environments and district operations.

Budget and Resources

GOAL 5.1

Funding for digital learning is integrated across multiple budget areas, including instruction, building facilities, technology, staffing, utilities, etc., where appropriate.

RECOMMENDATION

District works to identify and secure viable funding sources for short and long-term technology purchases.

PRIORITY ACTIVITIES

- Explore and utilize any available state and regional funding opportunities such as the FCC's Connect America Fund, new E-Rate initiatives, Wisconsin Public Service Commission (PSC) broadband expansion grants, the DOA Badger Net, and others as they become available.
- Explore providing internal staff, onsite support, and offsite network management. Make full use of E-Rate Category 2 options for funding maintenance and network management. ● Reuse refreshed hardware to fill other district needs
- Sell back or trade in older technology to help fund new devices
 - Infrastructure refresh every 5-7 years
 - Access point refresh every 5-7 years
 - Switches, controllers, routers, servers, and other network equipment refreshed every 7 years
 - Staff and student devices every 4-6 years

GOAL 5.2

Ensure sufficient technical and instructional support in every school.

RECOMMENDATION

Develop sufficient technical and instructional support, characterized by a positive service orientation, in every school. This support is proactive, providing resources, coaching, and just-in-time instruction to prepare teachers and students to use new technologies, thereby reducing the need for interventions during the learning process.

PRIORITY ACTIVITIES

- Annually evaluate technology needs, effectiveness, and expandability

2522 - LIBRARY MEDIA CENTERS

The Board believes that school library media centers are a fundamental part of the educational process by providing a place to foster independent and collaborative learning and information-seeking skills in students and staff. This is accomplished through timely access to services and resources that both reflect the student body, the cultural diversity, and pluralistic nature of American society, and represent perspectives held in the world more broadly. Therefore, the Board shall provide sufficient materials and staff for a library media center in each school in the District.

The District Administrator shall designate a licensed library media professional to direct or coordinate the District's library media program. The Board shall adopt a long-range plan for library media services developed by teachers and library and audiovisual personnel and administrators. The plan shall be reviewed periodically. The plan and any materials selection or review process shall be in accordance with Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity.

The major goals of the District's school library media centers are:

- A. To support and enrich the District's standards and benchmarks;
- B. To provide for personal interests, professional, educational, and recreational reading while promoting an appreciation of literature;
- C. To provide a comprehensive and coordinated collection of current and accurate resources so that students and staff will conveniently and effectively use a wide variety of materials, including print and non-print media;
- D. To provide the appropriate technology and equipment for information retrieval, resource sharing, classroom instruction, and student and teacher use;
- E. To promote and support the appropriate use of technology for accessing, interpreting, and communicating intellectual content;
- F. To provide instruction that advances student and staff literacy of print, digital, and other emerging information resources;
- G. To provide equitable and timely access to resources that support students' personal, academic, and life-long learning;
- H. To foster a love of reading, curiosity, and investigation by providing a space that is well-maintained, up-to-date, welcoming, and safe for all users.

The District Administrator shall establish procedures related to the selection of materials, removal (weeding) of materials, inventory, and repair and/or replacement of materials. The use of the District's allocation from the Common School Fund for acquisitions, in accordance with DPI regulations, shall be a component of the foregoing procedures.

Gifts and Donations

Gifts and donations shall be handled in accordance with Policy 7230 - Gifts, Grants, and Bequests.

Reconsideration of School Library Materials

Parents of children attending school in the District and District residents may request formal reconsideration of the inclusion of specific material in a school library. Requests made under this policy relate to library materials only and not to curriculum-related materials. Complaints concerning curriculum-related materials, such as textbooks, are governed by Policy 9130 - Public Requests, Suggestions, or Complaints.

All requests for reconsideration of library materials under this policy shall be addressed as follows:

- A. Concerns about specific library materials should be raised first with the library media specialist, then with the building principal, if necessary, in an effort to resolve the matter informally. If a satisfactory resolution is not reached, requests for consideration of removal of any library materials

shall be submitted in writing to the District Administrator.

B. The request to the District Administrator shall be made in writing and shall include the following information:

1. author;
2. title;
3. publisher;
4. the individual's familiarity with the material;
5. for requests to reconsider materials, provide specific concerns upon which the request to reconsider is based. This should include a specific description of the offending material (e.g. contains content that is harmful to minors or prohibited under State law, violates the District's policy on nondiscrimination, is not age-appropriate or developmentally appropriate for the grade level for which the material is used, or some other specified reason). This should include specific references to the text of the material by page number and excerpted text if known.

C. A Reconsideration Committee will be appointed by the District Administrator, upon receipt of the formal complaint, which shall consist of the following members:

1. a building level administrator;
2. a teacher;
3. a school librarian;
4. a reading specialist or language arts teacher.

D. The procedures for the Reconsideration Committee will be as follows:

1. The chairperson will be the building-level principal or designee. The secretary of the committee will be elected at the first meeting.
2. The chairperson will call the meeting within ten (10) business days of the formation of the committee, which shall comply with the open meetings law.
3. The committee shall read and/or examine the challenged resource, read the written reconsideration form, and read copies of the professionally prepared reviews and list of awards provided by the school librarian on the committee. The chairperson should forward these materials to the committee members prior to the committee's initial meeting or as soon thereafter as pertinent materials become available.
4. The requestor may make an initial verbal presentation concerning the request or may choose to rely on the written request already submitted. The complainant is asked to provide sources for quotes used during this presentation.
5. During the initial or subsequent meetings, the committee will issue a majority approved recommendation to the District Administrator whether to retain the materials, move the resources to a different level, or remove the resource.
6. The committee's recommendation shall be reported to the District Administrator in writing within ten (10) business days following the committee's decision.

The District Administrator will advise the requestor, in writing, of the committee's recommendation and the District Administrator's decision. The District Administrator shall also advise the Board of the committee's recommendation and the decision.

- E. The requestor may submit an appeal of the District Administrator's decision in writing to the Board President within ten (10) business days of the date the decision is transmitted to the requestor. The written appeal and all written material relating to it shall be referred to the Board for consideration. The Board will review the appeal and may choose to receive additional information or to proceed on the record provided to it.
- F. The decision of the Board is final.

Material being reviewed based on a request under this policy shall remain available in the library during the review process unless the District Administrator determines that subject material does pose a threat of harm to students considering the grade level involved and provided the determination is not made solely because it presents ideas that may be unpopular or offensive to some. Any temporarily removed materials will be promptly returned if the final determination is to retain the material. Any action to remove material following a request reviewed under this policy will be explained in the review process records.

Decisions on reconsidered materials will stand for seven (7) years before new requests for reconsideration of those items will be entertained.

Criteria for the Selection of Materials

Initial purchase suggestions for library materials may come from all personnel--teachers, coordinators, and administrators. Students will also be encouraged to make suggestions. The recommended purchase of library materials will be made by the library media specialist. The District Administrator will approve funds to be spent on materials.

The following criteria will be considered in reviewing suggestions for library materials or in evaluating whether to accept donations of materials. Some criteria may not apply in each situation and not all criteria need to be met in order to acquire and incorporate library materials. Materials should:

- A. support and enrich the curriculum and/or students' personal interests and learning;
- B. meet high standards in literacy, artistic, and aesthetic quality; technical aspects; and physical format;
- C. be appropriate for the subject area and for the age, emotional development, ability level, learning styles, and social, emotional, and intellectual development of the students for whom the materials are selected;
- D. incorporate accurate and authentic factual content from authoritative sources;
- E. earn favorable reviews in reviewing sources viewed as authoritative by library professionals;
- F. exhibit a high degree of potential user appeal and interest;
- G. represent differing viewpoints on issues of interest;
- H. provide a global perspective and promote cultural diversity and reflect the pluralistic nature of American society by including materials by authors and illustrators of all cultures;
- I. include a variety of resources in physical and virtual formats including print and non-print such as electronic and multimedia (i.e. online databases, e-books, educational games, and other forms of emerging technologies) in accordance with technology software selection as per 7540.03 - Student Technology Acceptable Use and Safety Policy;
- J. demonstrate physical format, appearance, and durability suitable for their intended use;
- K. balance cost with need.

Selection is an ongoing process that should include removing materials that are no longer used or needed (weeding), adding materials, and replacing lost and worn materials that still have educational value.

Parental/Police Access to Library Information

The Board respects the privacy rights of parents and their children. The Board is also committed to ensuring that parents are permitted to obtain information about the instructional material, resources, and services students choose to use at the District's library media centers.

Parents of a student under the age of sixteen (16) have the right to review, upon request, library media center records relating to the use of the library media center's documents or other materials, resources, or services by the student.

Upon request from a law enforcement officer investigating criminal conduct alleged to have occurred at a school library, the library media center shall disclose to the officer records produced by a surveillance device under the control of the library media center that are pertinent to the alleged criminal conduct.

Other than the exceptions noted above, records indicating the identity of any individual who borrows or uses the library's documents or other materials, resources, or services may not be disclosed except by court order or to persons acting within the scope of their duties in the administration of the library or to persons authorized by the individual to inspect such records.

Inter-Library Loans

The Board authorizes District participation in interlibrary loan programs. The District will loan school library books and other instructional materials that are not in immediate or constant demand by staff or students to another participating school district for use in the libraries of that district.

Fines

Students may be assessed fines for the late return of borrowed materials or damage or loss of materials in accordance with Policy 6152 - Student Fees, Fines, and Charges.

5136.01 - TECHNOLOGY RESOURCES AND OTHER ELECTRONIC EQUIPMENT

While in some instances the possession and use of technology resources (as defined in Bylaw 0100) and other electronic equipment or devices by a student at school may be appropriate, the possession and use of such technology resources and other equipment or devices by students at school may also have the effect of distracting, disrupting and/or intimidating others in the school environment and leading to opportunities for academic dishonesty and other disruptions of the educational process. Consequently, the Board of Education will supply any technology resources and other electronic equipment or devices necessary for participation in the educational program.

Students may use the following technology resources and other electronic equipment/devices on school property only for educational or instructional purposes (e.g. taking notes, recording a class lecture, writing papers) with the teacher's permission and supervision.

Students may use technology resources and other electronic equipment/devices while riding to and from school on a school bus or other vehicle provided by the Board or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver or sponsor/advisor/coach.

Distracting behavior that creates an unsafe environment will not be tolerated.

Students are prohibited from using technology resources and other electronic equipment or devices in a manner that may be physically harmful to another person (e.g. shining a laser in the eyes of another student). Further, at no time may any technology resources or other electronic equipment/device be utilized by a student in a way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. See Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior. In particular, students are prohibited from using technology resources, a camera or other electronic equipment/device to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, national origin, sex(including transgender identity, sexual orientation, and gender identity) age, disability, religion, or political beliefs; and (2) send, share, view or possess pictures, text messages, e-mails or other materials of a sexual nature (i.e., sexting) in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are prohibited from using technology resources and other electronic equipment/devices to capture, record, or transmit test information or any other information in a manner constituting fraud, theft, or academic dishonesty. Similarly, students are prohibited from using technology resources and other electronic equipment and devices to capture, record, or transmit the words (i.e. audio) and/or images (i.e. pictures/video) of any student, staff member or other person in the school or while attending a school-related activity, without express prior notice and explicit consent for the capture and/or recording of such words or images. Using technology resources or other electronic equipment/devices to capture, record, or transmit audio and/or pictures/video of an individual without his/her consent is considered an invasion of privacy and is not permitted, unless authorized by the building principal. Technology resources and other electronic equipment/devices are expressly banned from and may not be possessed, activated, or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include but are not limited to locker rooms, shower facilities, restrooms, classrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The building principal has authority to make determinations as to other specific locations and situations where possession of a camera or other electronic equipment/device is absolutely prohibited.

Unauthorized technology resources and other electronic equipment and devices will be confiscated from the student by school personnel and disciplinary action taken.

If technology resources or other electronic equipment/device is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed.

Any technology resources or other electronic equipment/device confiscated by District staff will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/guardian. Technology resources or other electronic equipment/devices in District custody will not be searched or otherwise tampered with unless school officials reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules (e.g. a student is observed using a camera in a prohibited area). Any search will be conducted in accordance with Policy 5771 – Search and Seizure.

Students are personally and solely responsible for the care and security of any technology resources and other electronic equipment or devices they bring to school. The Board assumes no responsibility for theft, loss, damage, or vandalism to electronic equipment and devices brought onto its property, or the unauthorized use of such devices.

7540 - TECHNOLOGY

The Board is committed to the effective use of technology to both enhance the quality of student learning and the efficiency of District operations.

Students' use of District technology resources (see definition in Bylaw 0100 - Definitions) is a privilege not a right. Students and their parents must comply with Policy 7540.03 - Student Technology Acceptable Use and Safety.

The District Administrator shall develop, and implement a written District Technology Procedure (DTP). One of the primary purposes of the DTP is to evaluate new and emerging technologies and how they will play a role in student achievement and success and/or efficient and effective District operations. The Board will financially support, as the budget permits, the DTP, including recommendations to provide new and developing technology for students and staff.

The DTP shall set forth procedures for the proper acquisition of technology. The DTP shall also provide guidance to staff and students concerning making safe, appropriate and ethical use of District technology resources, as well as inform both staff and students about disciplinary actions that will be taken if Board technology and/or networks are abused in any way or used in an illegal or unethical manner. (See Policy 7540.03 - Student Technology Acceptable Use and Safety, and Policy 7540.04 - Staff Technology Acceptable Use and Safety)

The District Administrator will recommend the approval of any changes, amendments, or revisions to the Board.

This policy, along with the Student and Staff Technology Acceptable Use and Safety policies, and the Student Code of Conduct, further govern students' and staff members' use of their personal communication devices (see Policy 5136 - Personal Communication Devices and Policy 7530.02 - Staff and School Officials Use of Personal Communication Devices). Users have no right or expectation of privacy when using District technology resources (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity when using the District's computer network and/or Internet connection).

Further, safeguards shall be established so that the Board's investment in both hardware and software achieves the benefits of technology and inhibits negative side effects. Accordingly, students shall be educated about appropriate online behavior including, but not limited to, using social media, which is defined in Bylaw 0100 - Definitions, to interact with others online; interacting with other individuals in chat rooms or on blogs; and, recognizing what constitutes cyberbullying, understanding cyberbullying is a violation of Board policy, and learning appropriate responses if they experience cyberbullying. Social media does not include sending or receiving e-mail through the use of District-issued e-mail accounts.

The Board prohibits students from using District technology resources to access and/or use social media for other than instructional purposes.

Staff may use District-approved social media platforms/sites in accordance with Policy 7544 - Use of Social Media and, pursuant to Policy 7540.02 - Staff and School Officials Use of Personal Communication Devices, may use web content, apps, and services for one-way communication with the District's constituents. Authorized staff may use District technology resources to access and use District-approved social media platforms/sites to increase awareness of District programs and activities, as well as to promote achievements of staff and students, provided the District Administrator approves, in advance, such access and use. Use of District-approved social media platforms/sites for business-related purposes is subject to Wisconsin's public records laws and, as set forth in Policy 7544 - Use of Social Media, staff members are responsible for archiving their social media and complying with the District's record retention schedule. See Policy 8310 - Public Records.

Staff must comply with Policy 7544 - Use of Social Media, Policy 7540.04 - Staff Technology Acceptable Use and Safety, and Policy 7530.02 - Staff and School Officials Use of Personal Communication Devices when using District technology resources or personally-owned PCDs to access and/or use social media for personal purposes.

7540.02 - WEB CONTENT, SERVICES, AND APPS

Creating Web Pages/Sites/Services and Apps

The Board authorizes staff members to create web content, apps, and web services (see Bylaw 0100 - Definitions) that will be hosted by the Board on its servers or District-affiliated servers and published on the Internet.

The web content, services, and apps must reflect the professional image/brand of the District, its employees, and students. Web content, services, and apps must be consistent with the Board's mission statement and staff- created web content, services and apps are subject to prior review and approval of the District Administrator before being published on the Internet and/or utilized with students.

Student-created web content, services, and apps are subject to Policy 5722 – School Sponsored Publications and Production.

The creation of web content, services, and apps must be done under the supervision of a professional staff member.

The purpose of web content, services, and apps hosted by the Board on its servers or District-affiliated servers is to educate, inform, and communicate. The following criteria shall be used to guide the development of such web content, services, and apps:

A. Educate

Content provided in the web site should be suitable for and usable by students and teachers to support the curriculum and the Board's Objectives as listed in the Board's Strategic Plan.

B. Inform

Content may inform the community about the school, teachers, students, or departments, including information about curriculum, events, class projects, student activities, and departmental policies.

C. Communicate

Content may provide an avenue to communicate with the community.

The information contained on the Board's website(s) should reflect and support the Board's Mission Statement, Educational Philosophy, and the School Improvement Process.

When the content includes a photograph or information relating to a student, the Board will abide by the provisions of Policy 8330 - Student Records.

All links included on the Board's website(s) or web services and apps must also meet the above criteria and comply with State and Federal law (e.g. copyright law, Children's Internet Protection Act, Section 504 of the Rehabilitation Act of 1973 (Section 504), Americans with Disabilities Act (ADA), and Children's Online Privacy Protection Act (COPPA)). Nothing in this paragraph shall prevent the District from linking the Board's website(s) to (1) recognized news/media outlets (e.g., local newspapers' web sites, services, and/or apps, local television stations' web sites) or (2) to web sites that are developed and hosted by outside commercial vendors pursuant to a contract with the Board. The Board recognizes that such third party web sites may not contain age-appropriate advertisements that are consistent with the requirements of State and Federal law.

Under no circumstances is District-created web content, services, or apps to be used for commercial purposes, advertising, political lobbying, or to provide financial gains for any individual. Included in this prohibition is the fact no web content contained on the District's web site may: 1) include statements or other items that support or oppose a candidate for public office, the investigation, prosecution or recall of a public official, or passage of a tax levy or bond issue; 2) link to a web site of another organization if the other web site includes such a message; or 3) communicate information that supports or opposes any labor organization or any action by, on behalf of, or against any labor organization. Nothing in this paragraph shall prevent the Board from linking on the District's web site to recognized news/media outlets (e.g., local newspapers' web sites, local television stations' web sites).

Under no circumstances is staff member-created web content, services, or apps, including personal web pages/sites, to be used to post student progress reports, grades, class assignments, or any other similar class-

related material. Employees are required to use the Board-specified web site, service, or app for the purpose of conveying information to students and/or parents.

Staff members are prohibited from requiring students to go to the staff member's personal web pages/sites (including, but not limited to, their Facebook, Instagram, Pinterest) to check grades, obtain class assignments and/or class-related materials, and/or to turn in assignments.

If a staff member creates web content, services, or apps related to his/her class, it must be hosted on the Board's server or a District-affiliated server.

Unless the web content, service, or app contains student personally identifiable information, Board web sites, services, and apps that are created by students and/or staff members that are posted on the Internet should not be password protected or otherwise contain restricted access features, whereby only employees, student(s), or other limited groups of people can access the site. Community members, parents, employees, staff, students, and other web site users will generally be given full access to the Board's website(s), services, and apps.

Web content, services, and apps should reflect an understanding that both internal and external audiences will be viewing the information.

School website(s), services, and apps must be located on Board-owned or District-affiliated servers.

The Board retains all proprietary rights to the design of web content, services, and apps that are on Board-owned or District-affiliated servers, absent written agreement to the contrary.

Students who want their class work to be displayed on the Board's web site must have written permission from their parent and expressly license its display without cost to the Board.

Prior written permission by a student's parent is necessary for a student to be identified by name on the Board's web site.

Instructional Use of Web Services and Apps

The Board authorizes the use of web services and/or apps to supplement and enhance learning opportunities for students either in the classroom or for extended learning outside the classroom.

A teacher who elects to supplement and enhance student learning through the use of web services and/or apps is responsible for verifying/certifying to the District Administrator and or Principal that the web service or app has a FERPA-compliant privacy policy, and it complies with all requirements of the Children's Online Privacy Protection Act (COPPA) and the Children's Internet Protection Act (CIPA) and Section 504 and the ADA.

The Board further requires the use of a Board-issued e-mail address in the login process.

The Board is also committed to equal employment opportunity in its employment policies and practices as they relate to students. The Board's policies pertaining to employment practices can be found in Policy 1422, Policy 3122, and Policy 4122 - Nondiscrimination and Equal Employment Opportunity.

The District will identify, evaluate, and provide a free appropriate public education to students with disabilities who are determined eligible for special education and related services under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973 (Section 504).

The District's educational programs include the academic and nonacademic setting. Each qualified student with a disability shall be educated with students without disabilities to the maximum extent appropriate. In the nonacademic setting, a student with a disability shall participate with students without disabilities to the maximum extent appropriate.

Notice of the Board's policy on nondiscrimination and the identity of the District's Compliance Officer(s) (see below) will be published on the District's website, posted throughout the District, and included in the District's recruitment statements or general information publications.

3. verify that the educational programs of this District are accessible to all students;

All programs need to be designed and scheduled so the location or nature of the facility or area will not deny an otherwise qualified student with a disability the opportunity to participate in the academic or other school programs on the same basis as students without disabilities.

4. require that service animals for students who require this type of assistance shall be permitted access to all facilities, programs, and events of the District.

Reporting Procedures

Students and District employees are required, and all other members of the District community and Third Parties are encouraged to promptly report suspected violations of this policy to an administrator, supervisor, or other District official so that the Board may address the conduct. Members of the District community, which includes students or Third Parties, who believe they have been discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 - Bullying, the Principal believes that the reported misconduct may constitute unlawful discrimination based on a Protected Class, the Principal shall report the act to one of the COs, who shall investigate the allegation in accordance with this policy. While the CO investigates the allegation, the

Principal shall suspend the Policy 5517.01 investigation to await the CO's written report. The CO shall keep the principal informed of the status of the Policy 2260 investigation and provide the Principal with a copy of the resulting written report.

The COs will be available during regular school/work hours to discuss concerns related to discrimination/retaliation. COs shall accept reports of discrimination/retaliation directly from any member of the District community or a Third Party and reports that initially are made to another District employee. Upon receipt of a report of alleged discrimination/retaliation, the CO will contact the Complainant and begin either an informal or formal complaint process (depending on the Complainant's request and the nature of the alleged discrimination/retaliation) or designate a specific individual to conduct such a process.

The CO will provide a copy of this policy to the Complainant and the Respondent. In the case of a formal complaint, the CO will prepare recommendations for the District Administrator or oversee the preparation of such recommendations by a designee. All members of the District community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) days of learning of the incident/conduct.

Any District employee who directly observes discrimination/retaliation of a student is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) days. Additionally, any District employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other District employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO/designee must contact the Complainant if age eighteen (18) or older or the Complainant's parents/guardians if the student is under the age of eighteen (18) within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

District Compliance Officers (hereinafter referred to as the "COs")

The Board designates the following individuals to serve as the District's CO's:

Terry Hanson
Director of Pupil Services
700 Jefferson Avenue
Niagara, WI 54151
715-251-4541 x 125

Sherri Petschar
School Counselor
700 Jefferson Avenue
Niagara, WI 54151
715-251-4541 x 232

The names, titles, and contact information of these individuals will be published annually in the School District Annual Report to the public and on the School District's website.

A CO will be available during regular school/work hours to discuss concerns related to student discrimination in educational opportunities under this policy.

Investigation and Complaint Procedure

The CO shall investigate any complaints brought under this policy. Throughout the course of the process as described herein, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All complaints must include the following information to the extent known: a description of the alleged violation, the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter the CO will prepare a written

summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a complaint, the CO will consider whether any action should be taken during the investigatory phase to protect the Complainant from further loss of educational opportunity, including but not limited to a change of work assignment or class schedule for the Complainant, tentative enrollment in a program, or other appropriate action. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO still may take whatever actions are deemed appropriate in consultation with the District Administrator.

As soon as appropriate in the investigation process, the CO will inform the Respondent, that a complaint has been received. The person(s) must also be provided an opportunity to respond to the complaint.

All investigations shall be commenced as soon as practicable upon receipt of a complaint and concluded as expeditiously as feasible, in consideration of the circumstances, while taking measures to complete a thorough investigation. The complaining party shall be notified in writing of receipt of the complaint within forty-five (45) days of the complaint and shall reach a determination concerning the complaint within ninety (90) days of receipt unless additional time is agreed to by the complaining party.

The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who reasonably may be expected to have any information relevant to the allegations, as determined by the CO;
- D. consideration of any documentation or other evidence presented by the Complainant, Respondent, or any other witness which is reasonably believed to be relevant to the allegations, as determined by the CO.

At the conclusion of the investigation, the CO or designee shall prepare and deliver a written report to the District Administrator which summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definitions in this Policy, as well as in State and Federal law as to whether the Complainant has been denied access to educational opportunities on the basis of one of the protected classifications, based on a preponderance of evidence standard. The CO's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved.

The CO may consult with the Board's attorney during the course of the investigatory process and/or before finalizing the report to the District Administrator.

In cases where no District CO is able to investigate a complaint due to concerns regarding conflicts, bias or partiality, or for other reasons that impair the CO's ability to conduct an investigation, the CO may in consultation with the District Administrator or Board President, if the matter involves the District Administrator, engage outside legal counsel to conduct the investigation consistent with this policy.

Absent extenuating circumstances, within five (5) days of receiving the report of the CO or designee, the District Administrator either must issue a written decision regarding whether the charges have been substantiated or request further investigation. A copy of the District Administrator's final decision will be delivered to both the Complainant and Respondent. The District Administrator may redact information from the decision in the event the release of information raises concerns regarding the integrity of the complaint or investigation process. The Board authorizes the District Administrator to consult with legal counsel to determine the extent to which information in an investigation report must be provided to either the Complainant or Respondent.

If the District Administrator requests additional investigation, the District Administrator must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) days. At the conclusion of the additional investigation, the District Administrator must issue a final

written decision as described above. The decision of the District Administrator will be reviewed by the Board upon request.

If the Complainant feels that the decision does not adequately address the complaint s/he may appeal the decision to the State Superintendent of Public Instruction by submitting a written request to the Wisconsin Department of Public Instruction, Pupil Nondiscrimination Program, or by contacting the DPI Pupil Nondiscrimination Program at (608) 267-9157. Any person, including the Respondent in a complaint, who is subject to disciplinary action up to and including termination as a result of a complaint may choose to file a grievance utilizing the District's grievance procedure as outlined in Policy 3340 or Policy 4340.

The Board reserves the right to investigate and resolve a complaint or report regardless of whether the member of the School District community or third party chooses to pursue the complaint. The Board also reserves the right to have the complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Additional School District Action

If the evidence suggests that any conduct at issue violates any other policies of the Board, is a crime, or requires mandatory reporting under the Children's Code (Sec. 48.981, Wis. Stat.) (Policy 8462), or threats of violence (Policy 8462.01), the CO or District Administrator shall take such additional actions as necessary and appropriate under the circumstances, which may include a report to the appropriate social service and/or law enforcement agency charged with responsibility for handling such investigations.

Privacy/Confidentiality

The District will make reasonable efforts to protect the privacy of any individuals involved in the investigation process. Confidentiality cannot be guaranteed, however. Additionally, the Respondent must be provided the Complainant's identity.

During the course of an investigation, the CO or designee will instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

Remedial Action and Monitoring

If warranted, appropriate remedial action shall be determined and implemented on behalf of the Complainant, including but not limited to counseling services, reinstatement of leave taken because of the discrimination, the opportunity to complete assignments missed due to absences related to the discrimination, or other appropriate action.

The Board may appoint an individual, who may be a District employee, to follow up with the Complainant to ensure no further discrimination or retaliation has occurred and to take action to address any reported occurrences promptly.

Sanctions and Disciplinary Action

The Board shall vigorously enforce its prohibitions against discrimination/retaliation by taking appropriate action reasonably calculated to stop and prevent further misconduct.

While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of any relevant codes of conduct.

When imposing discipline, the District Administrator shall consider the totality of the circumstances involved in the matter, including the ages and maturity level of any student involved. In those cases where discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

Where the Board becomes aware that a prior disciplinary action has been taken against the Respondent, all subsequent sanctions imposed by the Board and/or District Administrator shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in the imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of discriminatory practices. The District Administrator shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all information, documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and received as part of an investigation, including but not limited to:

§

2260.01 - SECTION 504/ADA PROHIBITION AGAINST DISCRIMINATION BASED ON DISABILITY

Pursuant to Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act of 1990, as amended ("ADA"), and the implementing regulations (collectively "Section 504/ADA"), no otherwise qualified individual with a disability shall be excluded from participation in, denied the benefits of, or subjected to discrimination under any program or activity receiving Federal financial assistance solely by reason of disability. The Board does not discriminate in admission or access to, participation in, treatment in its programs or activities. As such, the Board's policies and practices will not discriminate against students with disabilities and the Board will make its facilities, programs, and activities accessible to qualified individuals with disabilities. No discrimination will be knowingly permitted against any individual with a disability on the sole basis of that disability in any of the programs, activities, policies, and/or practices in the District.

Notice of the Board's policy on nondiscrimination in employment practices and the identity of the School District's Compliance Officer(s) (see below) will be published on the District's website, posted throughout the District, and included in the District's recruitment statements or general information publications.

Free Appropriate Public Education

The Board is committed to identifying, evaluating, and providing a free appropriate public education ("FAPE") to students with disabilities within its jurisdiction who are determined eligible for special education and related services under the Individuals with Disabilities Education Act ("IDEA") or Section 504, regardless of the nature or severity of their disabilities.

If a student has a physical or mental impairment that significantly limits one or more major life activities (see Definitions below), the Board shall provide the student a FAPE. An appropriate education may include regular or special education and related aids and services to accommodate the unique needs of students with disabilities. For students with disabilities who are not eligible for specially designed instruction under the IDEA, the related aids and services (including accommodations/modifications/interventions) they need in order to have their needs met as adequately as the needs of students without disabilities are met shall be delineated, along with their placement, in a Section 504 Plan (Form 2260.01A F13). Parents/guardians/custodians ("parents") are invited and encouraged to participate fully in the evaluation

process and development of a Section 504 Plan. The quality of education services provided to students with disabilities shall be equal to the quality of services provided to students without disabilities.

The Board is committed to educating (or providing for the education of) each qualified student with a disability within its jurisdiction with students without disabilities to the maximum extent appropriate. Generally, the District will place a student with a disability in the general education environment unless it is demonstrated that the education of the student in the general education environment, even with the use of supplementary aids and services, cannot be achieved satisfactorily. If the District places a student in a setting other than the general education environment, it shall take into account the proximity of the alternate setting to the student's home. If the Board operates a separate class or facility that is identified as being provided for students with disabilities, the facility, program, and activities and services must be comparable to the facilities, programs, and activities and services offered to students without disabilities.

The District will provide non-academic extra-curricular services and activities in such a manner as is necessary to afford qualified students with disabilities an equal opportunity for participation in such services and activities. Nonacademic and extra-curricular services and activities may include counseling services, athletics, transportation, health services, recreational activities, special interests groups or clubs sponsored by the District, referrals to agencies that provide assistance to individuals with disabilities, and employment of students. In providing or arranging for the provision of meals and recess periods and nonacademic and extracurricular services and activities, including those listed above, the District will verify that students with disabilities participate with students without disabilities in such services and activities to the maximum extent appropriate.

In accordance with Section 504, parents and students shall be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation, or misapplication of Section 504. In addition, students and their parents shall be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). Finally, students and parents shall be advised of their right to request a due process hearing before an Impartial Hearing Officer ("IHO") regarding the identification, evaluation, or educational placement of persons with disabilities, and their right to examine relevant education records.

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Complainant: is the individual who alleges or is alleged to have been subjected to discrimination/retaliation, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged discrimination/retaliation.

Respondent: is the individual who is alleged to have engaged in discrimination/retaliation, regardless of whether the Complainant files a formal complaint or is seeking an informal resolution to the alleged discrimination/retaliation.

District community: means students, District employees (i.e., administrators and professional and support staff), and Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties: include but are not limited to guests and/or visitors on District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with or seeking to do business with the Board, and other individuals who come in contact with members of the District community at school-related events/activities (whether on or off District property).

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the District office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

Individual with a disability means a person who has, has a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities.

Major Life Activities

Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

Impairment That Substantially Limits a Major Life Activity

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aids and cochlear implants or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, assistive technology, reasonable accommodations or auxiliary aids or services, or learned behavioral or adaptive neurological modifications.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

Qualified Individual with a Disability

With respect to public preschool, elementary, and secondary educational services, a qualified individual with a disability means a student with a disability:

- A. who is of an age during which persons without disabilities are provided educational services;
- B. who is of any age during which it is mandatory under Wisconsin law to provide educational services to persons with disabilities; or
- C. to whom the State is required to provide a free appropriate public education pursuant to the IDEA.

With respect to vocational education services, a qualified individual with a disability means a student with a disability who meets the academic and technical standards requisite to admission or participation in the vocational program or activity. The Board will not deny a student with disability access to its vocational education programs or courses due to architectural and/or equipment barriers, or because the student needs related aids or services to receive an appropriate education.

With respect to employment, a qualified individual with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position the individual holds or desires and can perform the essential functions of the job in question, with or without reasonable accommodation.

Reasonable Accommodation

With respect to employment, the Board will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability, unless the accommodation would impose an undue hardship on the operation of the Board's program and/or activities. A reasonable accommodation is not required for an individual who is merely regarded as having a disability.

Facilities

No qualified person with a disability will be denied the benefits of, excluded from participation in, or otherwise subjected to discrimination under any program or activity to which Section 504/ADA applies because the District's facilities are inaccessible to or unusable by persons with disabilities.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities.

District Compliance Officers (hereinafter referred to as the "COs")

The following person(s) is/are designated as the District Section 504 Compliance Officer(s)/ADA Coordinator(s):

Terry Hanson
Director of Pupil Services
715-251-4541
700 Jefferson Avenue, Niagara, WI 54151
thanson@niagara.k12.wi.us

The name, title, and contact information of this individual will be published annually in the School District Annual Report to the public and on the School District's website.

The COs are responsible for coordinating the District's efforts to comply with applicable Federal and State laws and regulations, including the District's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination/retaliation or denial of equal access. The COs also shall verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination in Employment Act of 1975 is provided to staff members and the general public. A copy of each of the Acts and regulations on which this notice is based will be made available upon request from the CO.

The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. (See below.) The Board further will establish and implement a system of procedural safeguards in accordance with Section 504, including the right to an impartial due process hearing, for parents of students with disabilities. Finally, students and parents will be advised of their right to request a due process hearing before an Impartial Hearing Officer (IHO) regarding the identification, evaluation or educational placement of persons with disabilities, including the right to participation by the student's parents and representation of counsel, and their right to examine relevant education records.

Reports and Complaints of Discrimination and Retaliation

Students and District employees are required, and all other members of the District community and Third Parties are encouraged, to promptly report incidents of discrimination and/or retaliation to an administrator, supervisor, or other District official so that the Board may address the conduct. Any teacher, administrator, supervisor, or other District employee or official who receives such a complaint shall file it with the CO within two (2) days.

Members of the District community, which includes students or Third Parties, who believe they have been discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

A student and/or parent may initiate the internal complaint procedure when they believe that a violation, misapplication or misinterpretation of Section 504 has occurred. Additionally, the following procedure may be used for any disagreement with respect to actions regarding the identification, evaluation, or educational program or placement of students who are identified as having a disability or believed to have a disability pursuant to Section 504 and are not eligible under the IDEA, except in the case of disciplinary actions where the provisions of the Student Code of Conduct apply. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the OCR or requesting an impartial due process hearing.

If during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 - Bullying, the Principal believes that the reported misconduct may constitute discrimination based on a Protected Class, the Principal shall report the act to one of the COs, who shall investigate the allegation in accordance with this policy. While the CO investigates the allegation, the Principal shall suspend the Policy 5517.01 investigation to await the CO's written report. The CO shall keep the Principal informed of the status of the Policy 2260 investigation and provide the Principal with a copy of the resulting written report.

The COs will be available during regular school/work hours to discuss concerns related to discrimination/retaliation. COs shall accept reports of discrimination/retaliation directly from any member of the District community or a Third Party and reports that initially are made to another District employee. Upon receipt of a report of alleged discrimination/retaliation, the CO will contact the Complainant and begin either an informal or formal complaint process (depending on the Complainant's request and the nature of the alleged discrimination/retaliation) or designate a specific individual to conduct such a process.

The CO will provide a copy of this policy to the Complainant and the Respondent. In the case of a formal complaint, the CO will prepare recommendations for the District Administrator or oversee the preparation of such recommendations by a designee. All members of the District community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) days of learning of the incident/conduct.

Any District employee who directly observes discrimination/retaliation of a student is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) days. Additionally, any District employee who observes an act of discrimination/retaliation is expected to intervene to stop the misconduct unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other District employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO/designee must contact the Complainant if age eighteen (18) or older or the Complainant's parents/guardians if the student is under the age eighteen (18) within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedure

The CO shall investigate any complaints brought under this policy. Throughout the course of the process as described herein, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All complaints must include the following information to the extent known: a description of the alleged violation, the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the report by signing the document.

Upon receiving a complaint, the CO will consider whether any action should be taken during the investigatory phase to protect the Complainant from further discrimination or retaliation, including but not limited to a change of work assignment or class schedule for the Complainant and/or the Respondent. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO still may take whatever actions are deemed appropriate in consultation with the District Administrator.

As soon as appropriate in the investigation process, the CO will inform any individual named by the Complainant in connection with an alleged violation of this policy, that a complaint has been received. The person(s) must also be provided an opportunity to respond to the complaint.

Within two (2) days of receiving the complaint, the CO or designee will initiate an investigation by at a minimum confirming receipt of the complaint with the Complainant and informing the Complainant of the investigation process.

Although certain cases may require additional time, the CO will attempt to complete an investigation into the allegations of harassment within fifteen (15) days of receiving the formal complaint. The investigation will include:

- A. interview(s) with the Complainant;
- B. interview(s) with the Respondent;

- C. interviews with any other witnesses who reasonably may be expected to have any information relevant to the allegations, as determined by the CO;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness which is reasonably believed to be relevant to the allegations, as determined by the CO.

At the conclusion of the investigation, the CO or the designee shall prepare and deliver a written report to the District Administrator which summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Respondent has engaged in harassment/retaliation of the Complainant. The CO's recommendations must be based upon the totality of the circumstances. In determining if discrimination or retaliation occurred, a preponderance of evidence standard will be used.

The CO may consult with the Board's attorney during the course of the investigatory process and/or before finalizing the report to the District Administrator.

In cases where no District CO is able to investigate a complaint due to concerns regarding conflicts, bias or partiality, or for other reasons that impair the CO's ability to conduct an investigation, the CO may in consultation with the District Administrator or Board President, if the matter involves the District Administrator, engage outside legal counsel to conduct the investigation consistent with this policy.

Absent extenuating circumstances, within five (5) days of receiving the report of the CO or designee, the District Administrator must either issue a final decision regarding whether the charges have been substantiated or request further investigation. A copy of the District Administrator's final decision will be delivered to the Complainant and to the Respondent. The District Administrator may redact information from the decision in the event the release of information raises concerns regarding the integrity of the complaint or investigation process. The Board authorizes the District Administrator to consult with legal counsel to determine the extent to which information in an investigation report must be provided to either the Complainant or Respondent.

If the District Administrator requests additional investigation, the District Administrator must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) days. At the conclusion of the additional investigation, the District Administrator must issue a final written decision as described above. The decision of the District Administrator shall be final by the Board upon request.

If the Complainant feels that the decision does not adequately address the complaint s/he may appeal the decision to the State Superintendent of Public Instruction.

The Board reserves the right to investigate and resolve a complaint or report of discrimination/retaliation regardless of whether the Complainant pursues the complaint. The Board also reserves the right to have the complaint investigation conducted by an external person in accordance with this policy, or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at their own cost, at any of the above-described interviews/meetings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the OCR or ICRC, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Additional School District Action

If the evidence suggests that any conduct at issue violates any other policies of the Board, is a crime, or requires mandatory reporting under the Children's Code (Sec. 48.981, Wis. Stat.), the CO or District Administrator shall take additional such actions as necessary and appropriate under the circumstances, which may include a report to the appropriate social service and/or law enforcement agency charged with responsibility for handling such investigations.

Privacy/Confidentiality

The District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the District's legal obligations to investigate, take appropriate action, and comply with any discovery or disclosure obligations. Confidentiality cannot be guaranteed, however. All Complainants proceeding through the investigation process should be advised that as a result of the investigation, allegations against individuals may become known to those individuals, including the Complainant's identity.

All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of an investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that is learned or provided during the course of the investigation.

Remedial Action and Monitoring

If warranted, appropriate remedial action shall be determined and implemented on behalf of the Complainant, including but not limited to counseling services, reinstatement of leave taken due to the discrimination, the opportunity to complete assignments missed due to absences related to the discrimination, or other appropriate action.

The Board may appoint an individual, who may be a District employee, to follow up with the Complainant to ensure no further discrimination or retaliation has occurred and to take action to address any reported occurrences promptly.

Sanctions and Disciplinary Action

The Board shall vigorously enforce its prohibitions against discrimination by taking appropriate action reasonably calculated to stop and prevent further misconduct.

While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of any relevant code of conduct.

When imposing discipline, the District Administrator shall consider the totality of the circumstances involved in the matter, including the age and maturity level of any student involved. In those cases where discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

Where the Board becomes aware that a prior disciplinary action has been taken against the Respondent, all subsequent sanctions imposed by the Board and/or District Administrator shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Impartial Due Process Hearing

A student and/or parent may request an impartial due process hearing regarding the identification, evaluation, or placement of a student with a disability. The student and/or parent may but are not required to first exhaust the above complaint procedure before requesting an impartial due process hearing. The parent of a student with a disability and a student over eighteen (18) years old (if not under guardianship) or an emancipated student has the right to: 1) examine records or documents that the school relied on in making its decision about the student; 2) request an impartial due process hearing that provides the parent and/or student with an opportunity to participate and permits representation by an attorney; and 3) have an opportunity for review of the decision made at the hearing.

A request for an impartial due process hearing should be made as soon as possible following a dispute in order to ensure that witnesses are available but no more than two years following the date of the matter in dispute. A request for an impartial due process hearing must be put in writing, identify the specific circumstances or areas of dispute that have given rise to the request for a hearing, and offer possible solutions to the dispute. The request for due process hearing must be filed with a District CO within the time

limits specified above. The CO is available to assist individuals in filing a request for an impartial due process hearing.

When a request for an impartial due process hearing is received, the aggrieved party will have the opportunity to receive a hearing conducted by an IHO (i.e., by a person not employed by the District, not involved in the education or care of the child, and not having a personal or professional interest that would conflict with the IHO's objectivity in the hearing). The District will maintain a list of trained IHOs that may include IDEA/Article 7 hearing officers, attorneys, and Directors of Special Education outside the District. The District CO will appoint an IHO from that list, and the District will bear the costs of the hearing. The appointment of an IHO will be made within fifteen (15) days after the request for an impartial due process hearing is received.

A party to an impartial due process hearing has the right to:

- A. be accompanied and advised by legal counsel and individuals with special knowledge or training with respect to the problems of students with disabilities at the party's own cost;
- B. present evidence and confront, cross-examine and compel the attendance of witnesses;
- C. a written or electronic verbatim record of the hearing; and
- D. written findings of fact and conclusions of law setting forth the reasons for the decision.

The IHO shall conduct the impartial due process hearing within a reasonable period of time (i.e., not to exceed ninety (90) days from the request for a hearing, unless this time-frame is mutually waived by the parties or is determined by the IHO to be impossible to comply with due to extenuating circumstances). The IHO will give the parent and/or student written notice of the date, time and place of the hearing. Notice will be given no less than twenty-one (21) days prior to the date of the hearing, unless otherwise agreed to by the parent and/or student. The notice shall include:

- A. a statement of the time, place and nature of the hearing;
- B. a statement of the legal authority and jurisdiction under which the hearing is being held;
- C. a reference to the particular section(s) of the statutes and rules involved;
- D. a statement of the availability of relevant records for examination;
- E. a short and plain statement of the matters asserted; and
- F. a statement of the right to be represented by counsel.

The IHO shall conduct the hearing in a manner that will afford all parties a full and fair opportunity to present evidence and otherwise to be heard. The parent and/or student may be represented by another person of the parent or student's choice, including an attorney. The IHO shall make a full and complete record of the proceedings.

The IHO shall render a decision in writing to the parties within thirty (30) days following the conclusion of the hearing. The decision will be based solely on the testimony and demonstrative evidence presented at the hearing and include a summary of the evidence (i.e., findings of fact) and the reason for the decision (conclusions of law). The IHO's decision shall include a statement that either party may appeal the decision.

Appeal of the IHO's decision may be made to a Federal court of competent jurisdiction.

OCR Complaint

At any time, if a student or parent believes that the student has been subjected to discrimination based upon disability in violation of Section 504 or the ADA, the student or parent may file a complaint with the OCR. The OCR can be reached at:

Notice

Notice of the Board's policy on nondiscrimination in education practices and the identity of the COs will be published on the District's website and posted throughout the District, and included in the District's recruitment statements or general information publications.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging discrimination/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made by any Federal or State civil rights law, made a report/formal complaint, testified, assisted or participated, or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of discriminatory practices. The District Administrator shall provide appropriate information to all members of the District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. All training and information provided regarding the Board's policy and discrimination in general will be age and content appropriate.

Retention of Investigatory Records and Materials

2266 – NONDISCRIMINATION ON THE BASIS OF SEX IN EDUCATION PROGRAMS OR ACTIVITIES

Introduction

The Board does not discriminate on the basis of sex (including sexual orientation or gender identity), in its education programs or activities, and is required by Title IX of the Education Amendments Act of 1972, and its implementing regulations, not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The Board is committed to maintaining an education and work environment that is free from discrimination based on sex, including sexual harassment.

The Board prohibits sexual harassment that occurs within its education programs and activities. When the District has actual knowledge of sexual harassment in its education program or activity against a person in the United States, it shall promptly respond in a manner that is not deliberately indifferent.

Pursuant to its Title IX obligations, the Board is committed to eliminating sexual harassment and will take appropriate action when an individual is determined responsible for violating this policy. Members of the School District community who commit Sexual Harassment are subject to the full range of disciplinary sanctions set forth in this policy. Third Parties who engage in sexual harassment are also subject to the disciplinary sanctions listed in this policy. The Board will provide persons who have experienced Sexual Harassment ongoing supportive measures as reasonably necessary to restore or preserve access to the District's education programs and activities.

Coverage

This policy applies to sexual harassment that occurs within the District's education programs and activities and that is committed by a Board employee, student, Third Party vendor or contractor, guest, or other members of the school community.

This policy does not apply to sexual harassment that occurs off school grounds, in a private setting, and outside the scope of the Board's education programs and activities; such sexual misconduct/sexual activity may be prohibited by the Student Code of Conduct if committed by a student, or by Board policies applicable State and/or Federal laws and/or Employee Handbook(s) if committed by a Board employee.

Consistent with the U.S. Department of Education's implementing regulations for Title IX, this policy does not apply to sexual harassment that occurs outside the geographic boundaries of the United States, even if the sexual harassment occurs in the District's education programs or activities. Sexual harassment that occurs outside the geographic boundaries of the United States is governed by the Student Code of Conduct if committed by a student, or by other applicable Board policies applicable State and/or Federal laws, and/or Employee Handbook(s) if committed by a Board employee.

Complaints alleging sexual harassment and/or discrimination on the basis of sex are also covered by and subject to the investigation procedures in Board Policy 5517 - Student Anti-Harassment. Complaints not covered by this policy may still be governed by and subject to the procedures in Policy 5517 - Student Anti-Harassment.

At the time of filing a formal complaint with the District, a Complainant must be participating in or attempting to participate in the District's education program or activity. A "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal that the Board provides for this purpose) that contains the Complainant's physical or digital signature, or otherwise indicates that the Complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a Complainant or a party to the formal complaint and must not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Actual Knowledge: "Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to the District's Title IX Coordinator, or any District official who has authority to institute corrective measures on behalf of the Board, or any Board employee. The mere ability or obligation to report Sexual Harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one (1) who has authority to institute corrective measures on behalf of the District. "Notice" includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator. This standard is not met when the only District official with actual knowledge is the Respondent. Imputation of knowledge-based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge.

Supportive Measures: "Supportive measures" means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of

a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, school/campus escort services, mutual restrictions of contact between the parties, changes in work locations), leaves of absence, increased security and monitoring of certain areas of the campus (including school buildings and facilities), and other similar measures.

Education Program or Activity: "Education program or activity" refers to all operations of the District over which the Board exercises substantial control, including in-person and online educational instruction, employment, extra-curricular activities, athletics, performances, and community engagement, and outreach programs. The term applies to all activity that occurs on school grounds or on other property owned or occupied by the Board. It also includes events and circumstances that take place off-school property/grounds if the Board exercises substantial control over both the Respondent and the context in which the sexual harassment occurs.

School District community: "School District community" refers to students and Board employees (i.e., administrators, and professional and support staff), as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties: "Third Parties" include, but are not limited to, guests and/or visitors on School District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with the Board, and other individuals who come in contact with members of the School District community at school-related events/activities (whether on or off District property).

Inculpatory Evidence: "Inculpatory evidence" is evidence that tends to establish a Respondent's responsibility for alleged sexual harassment.

Exculpatory Evidence: "Exculpatory evidence" is evidence that tends to clear or excuse a Respondent from allegations of sexual harassment.

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means a business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays),

Eligible Student: "Eligible student" means a student who has reached eighteen (18) years of age or is attending an institution of postsecondary education.

The Board has adopted a grievance process and procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that is prohibited by Title IX and/or its implementing regulations. The grievance process and procedures are included in Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities, which is available at: <https://go.boarddocs.com/wi/sdnie/Board.nsf> The grievance process and procedures specifically address how to report or file a complaint of sex discrimination, how to report or file a formal complaint of Sexual Harassment, and how the District will respond.

The District Administrator shall also prominently display the Title IX Coordinator's(s') contact information – including Name(s) and/or Title(s), Phone Number(s), Office Address(es), and Email Address(es) – and this policy on the District's website and in each handbook or catalog that the Board makes available to applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, Board employees, and all unions or professional organizations holding collective bargaining or professional agreements.

Grievance Process

The Board is committed to promptly and equitably resolving student and employee complaints alleging Sexual Harassment. The District's response to allegations of sexual harassment will treat Complainants and Respondents equitably, including providing supportive measures to the Complainant and Respondent, as appropriate, and following this grievance process before the imposition of any disciplinary sanctions or other actions, other than supportive measures, against the Respondent.

The Title IX Coordinator(s), along with any investigator(s), decision-maker(s), or any person(s) designated to facilitate an informal resolution process, shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

If a determination of responsibility for sexual harassment is made against the Respondent, the Board will provide remedies to the Complainant. The remedies will be designed to restore or preserve equal access to the District's education program or activity. Potential remedies include, but are not limited to, individualized services that constitute supportive measures. Remedies may also be disciplinary or punitive in nature and may burden the Respondent.

The Process described herein relates exclusively to complaints brought under this Policy. The District will continue to handle complaints subject to the District's other nondiscrimination and anti-harassment policies, including: Policy 5517 - Student Anti-Harassment; Policy 5517.01 - Bullying; 2260 - Nondiscrimination and Access to Equal Educational Opportunity; Policy 2260.01 - Section 504/ADA Prohibition Against Discrimination Based on Disability.

Report of Sexual Discrimination/Harassment

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the Title IX Coordinator's(s') contact information listed above, or by any other means that results in the Title IX Coordinator receiving the person's oral or written report. Reports may be made at any time (including during non-business hours), by using the telephone number(s) or electronic mail address(es), or by mail to the office address(es), listed for the Title IX Coordinator(s).

Board employees are required, and other members of the School District community and Third Parties are encouraged, to report allegations of sex discrimination or sexual harassment promptly to the/a Title IX Coordinator or to any Board employee, who will, in turn, notify the/a Title IX Coordinator. Reports can be made orally or in writing and should be as specific as possible. The person making the report should, to the extent known, identify the alleged victim(s), perpetrator(s), and witness(es), and describe in detail what occurred, including date(s), time(s), and location(s).

If a report involves allegations of sexual harassment by or involving the Title IX Coordinator, the person making the report should submit it to the other Title IX Coordinator, or another Board employee who, in turn, will notify the District Administrator and/or other Title IX Coordinator of the report. The other Title IX Coordinator **shall determine who** will serve in place of the Title IX Coordinator for purposes of addressing that report of sexual harassment.

The Board does business with various vendors, contractors, and other Third Parties who are not students or employees of the Board. Notwithstanding any rights that a given vendor, contractor, or Third Party Respondent may have under this policy, the Board retains the right to limit any vendor's, contractor's, or Third Party's access to school grounds for any reason. The Board further retains all rights it enjoys by contract or law to terminate its relationship with any vendor, contractor, or Third Party irrespective of any process or outcome under this policy.

A person may file criminal charges simultaneously with filing a formal complaint. A person does not need to wait until the Title IX investigation is completed before filing a criminal complaint. Likewise, questions or complaints relating to Title IX may be filed with the U.S. Department of Education's Office for Civil Rights at any time.

Any allegations of sexual misconduct/sexual activity not involving sexual harassment will be addressed through the procedures outlined in Board policies and the applicable Student Code of Conduct.

Because the Board is considered to have actual knowledge of sexual harassment or allegations of sexual harassment if any Board employee has such knowledge, and because the Board must take specific actions when it has notice of sexual harassment or allegations of sexual harassment, a Board employee who has independent knowledge of or receives a report involving allegations of sex discrimination and/or sexual harassment must notify the/a Title IX Coordinator within two (2) days of learning the information or receiving the report. The Board employee must also comply with mandatory reporting responsibilities pursuant to Wis. Stat. 48.981 and Policy 8462 – Student Abuse and Neglect, if applicable. If the Board employee's knowledge is based on another individual bringing the information to the Board employee's attention and the reporting individual submitted a written complaint to the Board employee, the Board employee must provide the written complaint to the Title IX Coordinator.

If a Board employee fails to report an incident of sexual harassment of which the Board employee is aware, the Board employee may be subject to disciplinary action, up to and including termination.

When a report of sexual harassment is made, the Title IX Coordinator shall promptly (i.e., within two (2) days) of the Title IX Coordinator's receipt of the report of Sexual Harassment) contact the Complainant (including the parent/guardian if the Complainant is under eighteen (18) years of age or under guardianship) to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the Complainant the process for filing a formal complaint. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Any supportive measures provided to the Complainant or Respondent shall be maintained as confidential, to the extent that maintaining such confidentiality will not impair the ability of the District to provide the supportive measures.

Emergency Removal: Subject to limitations and/or procedures imposed by State and/or Federal law, the District may remove a student Respondent from its education program or activity on an emergency basis after conducting an individualized safety and risk analysis. The purposes of the individualized safety and risk analysis is to determine whether the student Respondent poses an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Sexual Harassment that justifies removal. If the District determines the student Respondent poses such a threat, it will so notify the student Respondent and the student Respondent will have an opportunity to challenge the decision immediately following the removal. In determining whether to impose emergency removal measures, the Title IX Coordinator shall consult related District policies, including Policy 5605 - Suspension/Expulsion of Students with Disabilities, Policy 5610 – Suspension and Expulsion, and Policy 5611 – Due Process Rights.

If the Respondent is a non-student employee, the District may place the Respondent on administrative leave during the pendency of the grievance process. Such leave will typically be paid leave unless circumstances justify unpaid leave in compliance with legal requirements.

For all other Respondents, including other members of the School District community and Third Parties, the Board retains broad discretion to prohibit such persons from entering onto its school grounds and other properties at any time and for any reason, whether after receiving a report of sexual harassment or otherwise.

Formal Complaint of Sexual Harassment

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information set forth above. If a formal complaint involves allegations of sexual harassment by or involving the Title IX Coordinator, the Complainant should submit the formal complaint to the District Administrator, who will designate another person to serve in place of the Title IX Coordinator for the limited purpose of implementing the grievance process with respect to that formal complaint.

The Complainant's wishes with respect to whether a formal complaint is filed will be respected unless the Title IX Coordinator determines that signing a formal complaint to initiate an investigation over the wishes of the complainant is not clearly unreasonable in light of the known circumstances.

When the Title IX Coordinator receives a formal complaint or signs a formal complaint, the District will follow its grievance process and procedures, as set forth herein. Specifically, the District will undertake an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence – and provide that credibility determinations will not be based on a person's status as a Complainant, Respondent, or witness.

It is a violation of this policy for a Complainant(s), Respondent(s), and/or witness(es) to knowingly making false statements or knowingly submitting false information during the grievance process, including intentionally making a false report of sexual harassment or submitting a false formal complaint. The Board will not tolerate such conduct, which is a violation of the Student Code of Conduct and the Employee Handbook.

The Respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Timeline

The District will seek to conclude the grievance process within ninety (90) calendar days of receipt of the formal complaint, followed by the appeal process which shall be processed in a timely manner.

If the Title IX Coordinator offers informal resolution processes, the informal resolution processes may not be used by the Complainant or Respondent to unduly delay the investigation and determination of responsibility. The timeline, however, may be subject to a temporary delay of the grievance process or a limited extension for good cause with written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action, except that any complaint covered by Policy 5517 - Student Anti-Harassment as well must comply with the timelines in that Policy, however, an investigation may still proceed as required under this Policy. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; and the need for language assistance or an accommodation of disabilities. The Title IX Coordinator will provide the parties with reasonable updates on the status of the grievance process.

Upon receipt of a formal complaint, the Title IX Coordinator will provide written notice of the following to the parties who are known:

- A. Notice of the Board's grievance process, including any informal resolution processes;
- B. Notice of the allegations of misconduct that potentially constitutes sexual harassment as defined in this policy, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The written notice must:
 1. include a statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;
 2. inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence.
 3. inform the parties of any provision in this policy, and/or Employee Handbook that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If during the course of the investigation, the investigator becomes aware of allegations about the Complainant or Respondent that are not included in the original notice provided to the parties, the investigator will notify the Title IX Coordinator and the Title IX Coordinator will decide whether the investigator should investigate the additional allegations; if the Title IX Coordinator

decides to include the new allegations as part of the investigation, the Title IX Coordinator will provide notice of the additional allegations to the parties whose identities are known.

Dismissal of a Formal Complaint

The District shall investigate the allegations in a formal complaint *unless* the conduct alleged in the formal complaint:

- A. would not constitute sexual harassment (as defined in this policy) even if proved;
- B. did not occur in the District's education program or activity; or
- C. did not occur against a person in the United States.

If one (1) of the preceding circumstances exist, the Title IX Coordinator *shall* dismiss the formal complaint. If the Title IX Coordinator dismisses the formal complaint due to one (1) of the preceding reasons, the District may still investigate and take action with respect to such alleged misconduct pursuant to another provision of an applicable code of conduct and Board policy.

- A. a Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the formal complaint or any allegations therein;
- B. the Respondent is no longer enrolled in the District or employed by the Board; or
- C. specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

If the Title IX Coordinator dismisses a formal complaint or allegations therein, the Title IX Coordinator must promptly send written notice of the dismissal and the reason(s) therefor simultaneously to the parties.

Consolidation of Formal Complaints

The Title IX Coordinator may consolidate formal complaints as to allegations of sexual harassment against more than one (1) Respondent, or by more than one (1) Complainant against one (1) or more Respondents, or by one (1) party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Where a grievance process involves more than one (1) Complainant or more than one (1) Respondent, references in this policy to the singular "party," "Complainant," or "Respondent" include the plural, as applicable.

Informal Resolution Process

Under no circumstances shall a Complainant be required as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, to waive any right to an investigation and adjudication of a formal complaint of sexual harassment. Similarly, no party shall be required to participate in an informal resolution process.

If a formal complaint is filed, the Title IX Coordinator may offer to the parties an informal resolution process. If the parties mutually agree to participate in the informal resolution process, the Title IX Coordinator shall designate a trained individual to facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication. The informal resolution process may be used at any time prior to the decision-maker(s) reaching a determination regarding responsibility.

If the Title IX Coordinator is going to propose an informal resolution process, the Title IX Coordinator shall provide to the parties a written notice disclosing:

- A. the allegations;
- B. the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations; and

- C. any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the Formal Complaint.

Before commencing the informal resolution process, the Title IX Coordinator shall obtain from the parties their voluntary, written consent to the informal resolution process.

During the pendency of the informal resolution process, the investigation and adjudication processes that would otherwise occur are stayed and all related deadlines are suspended.

The informal resolution process is not available to resolve allegations that a Board employee sexually harassed a student.

The informal resolution process is not available to resolve allegations involving a sexual assault involving a student Complainant and a student Respondent.

Investigation of a Formal Complaint of Sexual Harassment

In conducting the investigation of a formal complaint and throughout the grievance process, the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility is on the District, not the parties.

In making the determination of responsibility, the decision-maker(s) is (are) directed to use the preponderance of the evidence standard. The decision-maker(s) is charged with considering the totality of all available evidence, from all relevant sources.

The District is not permitted to access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the party provides the District with voluntary, written consent to do so; if a student party is not an eligible student, the District must obtain the voluntary, written consent of a parent.

Similarly, the investigator(s) and decision-maker(s) may not require, allow, rely upon or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege in writing.

As part of the investigation, the parties have the right to:

- A. present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence; and
- B. have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney. The District may not limit the choice or presence of an advisor for either the Complainant or Respondent in any meeting or grievance proceeding.
- C. Whether a person is allowed to audio record or video record any meeting or grievance proceeding will be consistent with the procedures established in Board Policy 2461 – Recording of IEP Team Meetings.

Neither party shall be restricted in their ability to discuss the allegations under investigation or to gather and present relevant evidence.

The District will provide to a party whose participation is invited or expected written notice of the date, time, location, participants, and purpose of all, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate. The investigator(s) and decision-maker(s) must provide a minimum of one (1) days' notice with respect to investigative interviews and other meetings and three (3) days' notice with respect to hearings.

Both parties shall have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint, including the evidence upon which the District does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation.

Prior to completion of the investigative report, the Title IX Coordinator will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least ten (10) calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report.

At the conclusion of the investigation, the investigator shall create an investigative report that fairly summarizes relevant evidence and send the report to each party and the party's advisor, if any, for their review and written response. The investigator will send the investigative report in an electronic format or a hard copy, at least ten (10) calendar days prior to the decision-maker(s) issuing a determination regarding responsibility.

Determination of Responsibility

The Title IX Coordinator shall appoint a decision-maker(s) to issue a determination of responsibility. The decision-maker(s) cannot be the same person(s) as the Title IX Coordinator(s) or the investigator(s).

After the investigator sends the investigative report to the parties and the decision-maker(s), and before the decision-maker(s) reaches a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decision-maker(s) must explain to the party proposing the question of any decision to exclude a question as not relevant.

Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.

Determination regarding responsibility: The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) must apply the preponderance of the evidence standard.

The written determination will include the following content:

- A. Identification of the allegations potentially constituting sexual harassment pursuant to this policy;
- B. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, [and] methods used to gather other evidence;
- C. Findings of fact supporting the determination;
- D. Conclusions regarding the application of the applicable code of conduct to the facts;
- E. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the decision-maker(s) is recommending that the District impose on the Respondent(s) and whether remedies designed to restore or preserve equal access to the District's education program or activity should be provided by the District to the Complainant(s); and
- F. The procedures and permissible bases for the Complainant(s) and Respondent(s) to appeal.

Informal or formal disciplinary sanctions/consequences may be imposed on a student Respondent who is determined responsible for violating this policy (i.e., engaging in sexual harassment).

If the decision-maker(s) determines the student Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the District Administrator of the recommended remedies, so an authorized administrator can consider the recommendation(s) and implement an appropriate remedy(ies) in compliance with Policy 5610 –Suspension and Expulsion. The discipline of a student Respondent must comply with the applicable provisions of the Individuals with Disabilities Education Improvement Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1972, and their respective implementing regulations.

Disciplinary sanctions/consequences may be imposed on an employee Respondent who is determined responsible for violating this policy including but not limited to (i.e., engaging in Sexual Harassment):

- A. oral or written warning;
- B. written reprimands;
- C. performance improvement plan;
- D. required counseling;
- E. required training or education;
- F. suspension with pay;
- G. suspension without pay;
- H. termination, and any other sanction authorized by any applicable Employee/Administrator Handbook.

If the decision-maker(s) determines the employee Respondent is responsible for violating this policy (i.e., engaging in sexual harassment), the decision-maker(s) will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the District Administrator of the recommended remedies, so an authorized administrator can consider the recommendation(s) and implement an appropriate remedy(ies) in compliance with applicable due process procedures, whether statutory or contractual. If the District Administrator is the Respondent, the Title IX Coordinator will notify the Board President of the recommended remedies for consideration and, if necessary and appropriate, implementation in compliance with applicable due process procedures, whether statutory or contractual.

The discipline of an employee will be implemented in accordance with Federal and State law, and Board policy.

The following disciplinary sanctions/consequences may be imposed on a non-student/non-employee member of the School District community or Third Party determined responsible for violating this policy (i.e., engaging in sexual harassment):

- A. oral or written warning;
- B. suspension or termination/cancellation of the Board's contract with the Third Party vendor or contractor;
- C. mandatory monitoring of the Third Party while on school property and/or while working/interacting with students;
- D. restriction/prohibition on the Third Party's ability to be on school property; and
- E. any combination of the same.

If the decision-maker(s) determines the Third Party Respondent is responsible for violating this policy (i.e., engaging in sexual harassment), the decision-maker(s) will recommend appropriate remedies, including the imposition of sanctions. The Title IX Coordinator will notify the District Administrator of the recommended remedies, so appropriate action can be taken.

The decision-maker(s) will provide the written determination to the Title IX Coordinator who will provide the written determination to the parties simultaneously.

In ultimately, imposing a disciplinary sanction/consequence, the District Administrator will consider the severity of the incident, previous disciplinary violations (if any), and any mitigating circumstances.

The District's resolution of a formal complaint ordinarily will not be impacted by the fact that criminal charges involving the same incident have been filed or that charges have been dismissed or reduced.

At any point in the grievance process and procedures, the District Administrator may involve local law enforcement and/or file criminal charges related to allegations of sexual harassment that involve a sexual assault.

The Title IX Coordinator is responsible for the effective implementation of any remedies.

Appeal

Both parties have the right to file an appeal from a determination regarding responsibility or from the Title IX Coordinator's dismissal of a formal complaint or any allegations therein, on the following bases:

- A. Procedural irregularity that affected the outcome of the matter (e.g., material deviation from established procedures);
- B. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- C. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant(s) or Respondent(s) that affected the outcome of the matter.

The Complainant(s) may not challenge the ultimate disciplinary sanction/consequence that is imposed.

Any party wishing to appeal the decision-maker(s)'s determination of responsibility, or the Title IX Coordinator's dismissal of a formal complaint or any allegations therein, must submit a written appeal to the Title IX Coordinator within five (5) days after receipt of the decision-maker(s)'s determination of responsibility or the Title IX Coordinator's dismissal of a formal complaint or any allegations therein.

Nothing herein shall prevent the District Administrator from implementing appropriate remedies, excluding disciplinary sanctions, while the appeal is pending.

As to all appeals, the Title IX Coordinator will notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties.

The decision-maker(s) for the appeal shall not be the same person(s) as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator(s). The decision-maker(s) for the appeal shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant(s) or Respondent(s) and shall receive the same training as required of other decision-makers.

Both parties shall have a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.

The decision maker(s) for the appeal shall determine when each party's written statement is due.

The parties' written statements in support of, or challenging, the determination of responsibility must be submitted within five (5) days after the Title IX Coordinator provides notice to the non-appealing party of the appeal.

The decision-maker(s) for the appeal shall issue a written decision describing the result of the appeal and the rationale for the result. The original decision-maker's(s)' determination of responsibility will stand if the appeal request is not filed in a timely manner or the appealing party fails to show clear error and/or a compelling rationale for overturning or modifying the original determination. The written decision will be provided to the Title IX Coordinator who will provide it simultaneously to both parties. The written decision will be issued within five (5) days of when the parties' written statements were submitted.

The determination of responsibility associated with a formal complaint, including any recommendations for remedies/disciplinary sanctions, becomes final when the time for filing an appeal has passed or, if an appeal is filed, at the point when the decision-maker(s) for the appeal's decision is delivered to the Complainant and the Respondent. No further review beyond the appeal is permitted.

Retaliation

Neither the Board nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual

harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of sexual harassment, filing a formal complaint, or participating in an investigation, is a serious violation of this policy that can result in the imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Complaints alleging retaliation may be filed according to the grievance procedures set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy shall not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

Confidentiality

The District will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any Complainant, any individual who has been reported to be the perpetrator of sex discrimination, any Respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. 1232g, or FERPA's regulations, and State law under Wis. Stat. § 118.12, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder (i.e., the District's obligation to maintain confidentiality shall not impair or otherwise affect the Complainant's and Respondent's receipt of the information to which they are entitled with respect to the investigative record and determination of responsibility).

Application of the First Amendment

The Board will construe and apply this policy consistent with the First Amendment to the U.S. Constitution. In no case will a Respondent be found to have committed Sexual Harassment based on expressive conduct that is protected by the First Amendment.

Training

The District's Title IX Coordinator, along with any investigator(s), decision-maker(s), or person(s) designated to facilitate an informal resolution process, must receive training on:

- A. the definition of sexual harassment (as that term is used in this policy);
- B. the scope of the District's education program or activity;
- C. how to conduct an investigation and implement the grievance process;
- D. how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interests, and bias.

Recordkeeping

As part of its response to alleged violations of this policy, the District shall create, and maintain for a period of seven (7) calendar years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the District shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the District's education program or activity. If the District does not provide a Complainant with supportive measures, then the District will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the District in the future from providing additional explanations or detailing additional measures taken.

The District shall maintain for a period of seven (7) calendar years the following records pursuant to Wis. Stat. § 19.21(6):

- A. Each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript that is made of any hearing, any disciplinary sanctions recommended and/or imposed on the Respondent(s), and any remedies provided to the Complainant(s) designed to restore or preserve

equal access to the District's education program or activity;

- B. Any appeal and the result therefrom;
- C. Any informal resolution and the result therefrom; and
- D. All materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process.

Outside Appointments, Dual Appointments, and Delegations

The Board retains the discretion to appoint suitably qualified persons who are not Board employees to fulfill any function of the Board under this policy, including, but not limited to, Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor.

The Board also retains the discretion to appoint two (2) or more persons to jointly fulfill the role of Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor.

The District Administrator may delegate functions assigned to a specific Board employee under this policy, including but not limited to the functions assigned to the Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor, to any suitably qualified individual and such delegation, may be rescinded by the District Administrator at any time.

Discretion in Application

The Board retains the discretion to interpret and apply this policy in a manner that is not clearly unreasonable, even if the Board's interpretation or application differs from the interpretation of any specific Complainant and/or Respondent.

Despite the Board's reasonable efforts to anticipate all eventualities in drafting this policy, it is possible unanticipated or extraordinary circumstances may not be specifically or reasonably addressed by the express policy language, in which case the Board retains the discretion to respond to the unanticipated or extraordinary circumstance in a way that is not clearly unreasonable.

The provisions of this policy are not contractual in nature, whether in their own right or as part of any other express or implied contract. Accordingly, the Board retains the discretion to revise this policy at any time, and for any reason. The Board may apply policy revisions to an active case provided that doing so is not clearly unreasonable.
