

**Glacial Gardeners  
Master Gardener Volunteer Association  
5628 Forestry Drive, Florence, WI 54121**

February 08, 2018

As you may know, Glacial Gardeners Master Gardener Volunteers are a group of trained volunteers and associates whose members consist of people from Dickinson, Iron and Baraga counties in Michigan and Florence and northern Marinette counties in Wisconsin. Our role is to assist the University of Wisconsin Extension in educating the public on research-based topics relating to horticulture and the environment in which we all live.

Since the establishment of our association in 1997, one of our missions has been to reach out to the youth in our combined communities. Once again, through the offering of our \$500.00 scholarship we hope to give area high school students a stepping stone on their journey to higher education.

Please find included the criteria each student must meet and the application form. The required essay will be used as the deciding factor on who will be awarded the scholarship. Any questions can be directed to the email below. Forms are also available on the Florence County Extension website, <https://florence.uwex.edu> under the Glacial Gardeners heading.

The student(s) who will be awarded the scholarship will be notified in May. We ask that the recipient attend our August meeting to receive the award.

Sincerely,

*Glacial Gardeners Education Committee*
