GEORGE HOHOL'S SCHOLARSHIP

It is important to understand a little about George Hohol. George Henry Hohol was born April 22, 1928 in Niagara, WI to Anthony & Elizabeth Hohol who were Polish immigrants. George died September 30, 2016.

He was the third youngest of 17 children. George graduated from Niagara High School in 1946 and married Louise Amond April 23, 1949. George never enjoyed school except for the manual arts classes that allowed him to excel in what he was passionate about. Because George came from a family of 17 children, very early he became aware of making the most out of previously used items. George was constantly creating or repairing toys & bicycles for his 7 children, making tools, taking apart items to learn how they worked and how to rebuild them. He created countless unique solutions for things around the house, camping, fishing, and hunting. He often spoke about his desire to take a small engine class to learn more about repairing equipment. He worked at the local paper mill for over 41 years. We are sure he would have preferred working in a trade that allowed him to fix or create things with his hands.

The scholarship award for George will be made every other year in the amount of **\$500** to a deserving graduating senior who meets the following criteria:

6. Preference will be given to students that are entering the Advanced Manufacturing field or Industrial Arts field such as carpentry, welding or metal working, licensed electricians or plumbers, electronics repair, computer repair, automotive or small engine repair or service, automotive trades, aviation trades, HVAC installation or repair, and building construction.
7. Students can be either full time or part-time when pursuing their degree or certification program.

Louise was the last born of her 10 siblings. Louise graduated from Niagara High School in 1947. She cherished the family gatherings that invariably included performing music with guitars, piano, keyboard, washboard, homemade combination instrument called a "stump fiddle or a boom bass" and singing with her siblings and their spouses. She sang and played the acoustic guitar at those gatherings. Louise has been a wonderful vocalist, performed with a group of other women for a radio station, sang in the Niagara school choir, St. Anthony's church choir and at various elder care facilities. She loved going to live performances and musicals. She believed in allowing each child to explore and find his/her right career, and to have the opportunity to get an education beyond high school. She admired how a truly great teacher could forever change a child and open new worlds to that child through education. Louise was a very generous person who did community service and volunteer work such as the food pantry, funeral luncheons, and the Niagara Area Historical Society. She lovingly knitted clothing, blankets and kitchen washcloths to give to her children and grandchildren. OUTSTANDING SENIOR AWARDS

For over fifty years Niagara High School has selected one senior girl and one senior boy as the outstanding seniors in their respective class each year. These awards traditionally have been known as the “**Badger Awards**” and for many years were sponsored by the local paper mill. For the past twelve years, however, the Niagara Area Credit Union, and now under its new name, Forward Financial Credit Union, has been the sole sponsor. These awards are the most prestigious awards that a graduating senior girl and boy can receive.

Each recipient receives a special plaque that commemorates their achievement, and the names of each year’s recipients are engraved on a plaque for permanent display in the trophy case outside the gymnasium. Each recipient also is awarded a one thousand dollars (**\$1000**) scholarship in recognition of his and her outstanding achievements in curricular and co-curricular activities.

The selection process includes the following steps:

1. High school faculty members nominate five senior girls and five senior boys.
2. Those nominated then submit a form listing all the co-curricular activities they have participated in each year.
3. Coaches and advisors then rate each nominee in each activity based upon the quality of the student’s participation. A student can earn a maximum of 10 points per activity per year for a four-year maximum of 40 points per activity.
4. To this total is added the student’s grade point average and the total number of credits the student has earned.
5. The academic and co-curricular points are then totaled and the girl and boy with the most points are then determined to be that year’s Outstanding Senior Girl and Boy.
